Dear Mr. John Hewitt,

Thank you for your inquire, we appreciate and acknowledge your interest in our services. Mr. Stephen Terry Morris is registered with us as the seller of a 1964 Chevrolet Impala SS with a clear title in his name. The vehicle is located in our warehouse from Seattle WA, crated and ready to be delivered. The complete sale price including the shipping is US \$12,000.00.

The vehicle has passed the inspection and now is inside a 20ft dedicated container sealed and ready to be shipped.

#### VEHICLE INSPECTION REPORT - SUMMARY

This vehicle passes ABL's inspection. An owner's manual and spare key are included.

Encumbrance status - No encumbrance reported.

Written off status - No written off incidents reported.

Odometer reading - No odometer rollback reported.

Stolen status - No record of vehicle as stolen.

Cosmetic Condition - No flaws above normal wear were found.

Our Shipping Department has approved your shipment and we would like to inform you that it is ready to be delivered.

Your vehicle will be moved using a specialty shipping system designed and tested to protect against damage and wear. Our drivers provide detailed inspection reports to the shipper and recipient with each move.

After your payment is secured in one of our protection account, we are authorized to start the shipping procedures. If, by any chance, you reject the vehicle and request a refund, this will be issued to you within 3 business days and the vehicle will be returned back from where it came from. All the fees will be paid upfront and will be credited to the sender of the shipment.

Our escrow program assures third-party protection for your goods and money over an Internet-based transaction. It works by securing the payment until the buyer receives, inspects and agrees the condition of the vehicle. The inspection period for such transactions is 1 to 10 days, depending on the agreement of the parties. In your case, the seller has signed for a "3 days inspection period", meaning that you will have 3 days to inspect the vehicle, take it to a workshop and do all the necessary checks (EG visual and mechanical condition, paperwork). The steps that the seller and the buyer have to proceed are detailed on our How It Works webpage.

Please confirm that you agree to the terms in order to begin processing the documents.
