What our customers say about Our Dog Sales

“There is a saying, *“If its too good too be true, well, it probably is.”* NOT THE CASE WITH Charlie Angels Beagle & Best Beagle Home !!!!!!! I spent much time and research on Personal Protection Dogs, but, like the family above, I still always had doubts that we would ever find the pet for which we searched. But those doubts were erased when by chance I found (*Romeo*) Joe. I left a message on their phone below; however, when they called back I also had a teeny feeling they were trying to change their foreign-sounding voice.

But like the previous complainant above, after we had stumbled upon Charlie Angel Beagles, we were so excited that we had found the perfect pocket puppy after searching for many breeds ranging from \$4,000 to the rock bottom price of Joe, that we got up in their offer: *“Dear Last Name, Joe will be the perfect and loving puppy that will shower your home with much joy and happiness. We are located In 18920 Calle Cierra, San Antonio, TX 78258 . You can come pick him up or we've him shipped and the total cost for the puppy is \$540 with an extra \$0.00 for shipping and home delivery service making a total of \$000 – Our Phone number: 440 359 4994”* which turned out to be in Ohio.

They would only accept gift cards and Zelle; confirmed payment and assured us, "Sorry we are not selling your dog to any one (else) and we are going to send your dog today" on Fri, Jun 19, 2020, 5:31 PM, signed this time by Pocket and Regular beagles jnadia199@gmail.com Johnson and Nadia: (Name of second seller, same dog, exact same wording on everything). While we were embarrassed thinking that Zelle was a secure account, hopefully this message will keep others from be defrauded.
