Hello Andy,

I'm extremely disappointed in your outreach. You evidently love to sell, sell, sell but then when someone replies to you - you have no regard or courtesy.

I take great offence at this tactic being used against me, clearly, you have no respect for me hence why you haven't acknowledged my previous emails.

I have been very cordial with you until this point but I won't waste my time responding to further emails - you will be marked as spam.

I find it utterly disgusting that you conduct business in this way. Thank God I have no need for your services.

With distaste,
Jake Symons

Hi jakesymons7@gmail.com,

Let's take a quick trip to Tomorrow-land.

I'm not talking about a theme park, I'm talking about your business's future...

Don't worry, we won't even need a crystal ball.

Just imagine...

... a future where the money you invest in driving traffic to your site pays off with tons of calls from qualified leads.

And the difference between what you experienced in the past is staggering – you're seeing 10X, 20X, 50X, even up to a 100X more leads coming from your website. Leads that are already engaged with what you have to offer and are ready to learn more and even open their wallets.

Seeing all this taking place in your business, you think back:

"What did I do only a short time ago that made such a huge difference?"

And then it hits you:

You took advantage of a free 14 day Test Drive of **TalkWithLead**.

You installed **TalkWithLead** on your website – it was a snap.

And practically overnight customers started engaging more regularly and calling your business. Like this:

"EMA has been looking for ways to reach out to an audience. **TalkWithLead** so far is the most direct call of action. It has produced above average closing ratios and **we are thrilled**. Thank you for providing a real and effective tool to generate REAL leads." - Patrick MontesDeOca

Since you installed TalkWithLead it's been great.

It's fun to dream, but this isn't just a dream. It could be your very real tomorrow.

All you have to do is [CLICK HERE](#) to sign up to try **TalkWithLead** today.

Not tomorrow. Today.

Because there's no better time than now to make your business work the way you've always wanted.

Sincerely,

Andy

PS: Remember, there's absolutely NO risk to you – if you're 100% satisfied after the 14 days pass, there's no obligation. And even ONE more lead-turned-into-customer could be worth hundreds, even thousands to you over their lifetime.

Don't let the moment pass you by. [CLICK HERE](#) to sign up for this free test drive now.
