**Andres Pierini**

"The construction of Mopexpro is very strong, with the dome system that has no splash like when you use the normal wand of the pressure washer, you do not waste so much time cleaning a very large surface, this leaves everything impeccable! Is awesome"

"I am not much of cleaning my house, but honestly when I saw what this tool could do, and how satisfying it looks in the videos, do not hesitate to buy it and clean my entire patio because you really enjoy doing it!"

**Carlos Ross**

"I always took a long time cleaning my road in front of my house, because it takes a long time to clean a large surface with such a small outlet, with this wonder I clean it about 10 times faster, my children love to see me while I do. It also works for windows or the garage door."

**Facundo Kaufman**

"I work full time cleaning roofs of houses, before it took me a whole day cleaning a roof, and believe me it is quite time, now with this tool I can clean 4 houses in one day! My productivity increased too much, because I can do everything much faster."
