Mediation Processing Services

Current Debt Value: \$2119.00
Settlement Amount: \$299.00 / \$799.00

RE: Debt Settlement Offer

This letter is to advise you that the above referenced account was forwarded to **MEDIATION PROCESSING SERVICES**. The account is for a loan provided to DEBTOR through **The Cash Store** (the CLIENT). The said account has since been declared in default and uncollectible. Therefore, MPS has prepared a Civil Petition for wage garnishment and bank account levies, as well as liens against liquidable assets in order to obtain the full current value of the debt by Civil Action. However, the CLIENT is willing to allow DEBTOR to settle the debt by paying the total amount of **\$299.00 one-time payment TODAY or \$799.00 payment plan**.

Accordingly, once the full payment is made and posted to DEBTOR'S file, this issue will be resolved and the file will be closed and noted as **SETTLED IN FULL**. No further action can or will be taken against DEBTOR in regards to the recovery of this debt, and nothing further will be required. DEBTOR will receive by email and by U.S. Postal mail an Exoneration Document showing that Debtor is completely absolved of the debt.

Please contact the claims processor at (718) 766-9223 so they can provide any further information or assistance that may be required to assist DEBTOR in resolving this matter.

Sincerely,

Shelby Stone
Accounts Executive Officer

This company had ALL of my identifying information. I mean ALL of it. They claimed I got a payday loan in September 2015 for \$250. However, I've been a totally and permanently disabled veteran since May 2013. My only income was then and remains my veterans compensation and SSDI. So without a job, I wouldn't qualify for a payday loan. Furthermore, I've been out of the Army since 2007. They claimed I submitted a military/Army ID card. They're not making sense. To top it all off, NC residents aren't allowed to obtain payday loans and companies aren't allowed to provide payday loans to NC residents.

These freaks aren't even physically located in the US.
They're located in India. They're purchasing and
activating US numbers to hide the fact that they're
located overseas. Mediation Processing Services is a
company who has an address located in Florida.
However, there are NO employees located there.
Everyone who's contacting people are located in India.
MPS has been sued once successfully; yet, the
complainant has never been paid for the judgment.
MPS failed to participate in ANY of the proceedings.
So basically there's no consequences for their bad
behavior and the state of Florida is doing NOTHING
and I do mean NOTHING about this.

This number belongs to "Asia" or at least that's the name she's given to me anyway. She's claiming to be an "Account Executive" with Mediation Processing Services. Here we go again with another Florida number that's actually physically located in India. These are all mobile numbers that are disposable for them. So please be very aware when or if you see these numbers appear on your caller ID or in your blocked list.

Yet another contact number listed for these freaks

Here we go again. Asia isn't located in Florida at all. She's physically located in India along with the rest of the scammers for Mediation Processing Services LLC. The service provider is Tata Docomo. The area is West Bengal & Andaman Nikobar (GSM). This provider is based in Tokyo and China. This is also a mobile phone number rather than landline. Detailed information provided via: tracemobile.dialtonez.com. Any number can be searched using this site including toll free numbers and it will provide you with the origin, service provider, and area for that number.

This time it was "Asia" from Mediation Processing Services calling about my "debt". I called back and advised her that: 1. The bank account in question was closed in 2006; 2. The account balance was discharged in bankruptcy in 2008; 3. I've obtained bank statements from the period in question and there was NO activity on that account.

So at that point Asia decided to end the call. I always make sure to record all of the calls too because it may take some time and effort but I'm gonna find a method to pursue legal action against them.

This is basically a front for fraud that happens in India. Each and every number provided for this company traces back to India except for the one ending 3522. That is truly located in Florida however don't expect anyone to answer. They've been successfully sued once and as of yet paid what they owe. Yet the business license is renewed yearly by someone??? I don't know how Florida allows this to continue but maybe someone needs to sue the state of Florida to make them get it together.
