MICHAEL NEWELL

U.S.A.

Dear MICHAEL NEWELL,

Bliss of today greetings to you. I fairly recognize the fragile nature of my contact with you, please accept my unreserved apology for any concern that may have ensued, it will be addressed to your satisfaction accordingly if necessary. Please study this Proposal carefully, and I am personally hopeful it will subsequently be the beginning of a long-lasting relationship between us. I am Sofia Gomez, the administrative manager at a Vault of a Financial & Security Institute here in Madrid Spain.

I am contacting you based on a financial opportunity I discovered here in our bank. It's about an abandoned sum of 26.7m USD (Twenty-Six Million Seven Hundred Thousand United States Dollars) in our safety deposit vault, that belongs to late Mr. Alfred NEWELL, an American citizen who shares the same last name with you, he died alongside his wife and only daughter on 11th March 2015 in a ghastly car accident in Porto Portugal

The banking policy can only allow the release of such funds to a benefactor through an application as next of kin to the deceased. After his death, the bank has been expecting a possible beneficiary, but no luck, this institute has exploited all its ethical possibilities in other to contact his possible relation or inheritor, but no success. Since no one has come up in the past six years, I have made my own research with the help of a private investigator, it is my knowledge that this man has been living in Madrid for the past 22yrs and has never returned back home. I am almost 110% sure that no one is aware of the existence of these funds.

However, because of the international financial crises, a lot of reform has been made within the Spanish Financial system, this includes the new law on succession/claims which indicates a duration in which such inheritance could be tolerated. The Bank of Spain has mandated our institute to release the funds to the possible inheritor, Failure to respond to this ultimatum would legally allow the Bank of Spain confiscate these funds as unclaimed estate (Which of course would go straight to the Government's pocket). It is therefore upon this entire discovery that I have decided to contact you. I want you to know that I am a senior member of this office. As an insider, I am equipped with all classified secret information regarding the release of these funds. I would be dedicated to making sure that I feed you with all possible documentation and information required for the approval and release of these funds.

Upon your acceptance to cooperate, I agree that 40% of this money will be for you, 50% for me and 10% goes to any acceptable charity organization in Spain or your country. Please note that I have ONLY discussed this with my husband. For time difference and confidential reasons, I strongly advise that you communicate with me via my husband's contact details above, this should be done firstly via fax, email or phone. Immediately you get in touch with me, I would be able to inform you on how this could be concluded.

In conclusion, it's my concern to demand your ultimate honesty, co-operation and confidentiality to enable us conclude this transaction. Please keep this very confidential and do not discuss it with anybody. I GUARANTEE that this process would be executed under a legitimate arrangement that would legally protect you from any breach of law. Thank you very much.
