• If a carrier is in compliance, the amount of coverage will always be shown as the required Federal minimum (\$5,000 per item, \$10,000 per occurrence for cargo insurance and \$75,000 for vehicle/trust fund).

• Payment must be submitted via Bank Wire Transfer to a uniquely generated escrow account specific to this transaction. Through a federal wire transfer, we can guarantee you 100% protection from the federal reserve in this transaction. Banks increasingly accept wire instructions online, but make sure to verify all the details with your bank before you begin. A visit to the branch is often required for large dollar amounts. To send funds using a Bank Wire you'll need the following information, which you can request from us:

- Recipient bank American Bankers Association (ABA) Routing number
- Recipient bank Account number
- Any additional information you need to provide (further delivery instructions, etc.)

• Financial regulations require us to verify your identity before receiving the Wire instructions. Please verify your ID first before you can request the Wire instructions. A Customer Identification Program (CIP) is a United States requirement, where financial institutions need to verify the identity of individuals wishing to conduct financial transactions with them and is a provision of the USA Patriot Act. Your information are confidential and are stored offline into our secure database.

In order to verify your identity we are requesting the following details:

- First and Last Name;
- Full social security number (SSN);
