Hello hon,I really appreciate your effort to always write to me and so much admire your friendly nature. Please know that no distance of place or lapse of time can lessen the friendship of those who are thoroughly persuaded of each other's worth. I really want to devote my time to getting acquainted with you. Since we started communicating I have opened my whole heart for you because I truly care about you and I want an amazing future for us . I also want to let you know that I accept you with my heart. Whether a Danish person dresses in a Danish style or not, it doesn't matter to me. What matters is that my heart fully accepts the person you are . Honey, kids will surely grow and become their own life anywhere they find themselves but they will never forget their parents. So don't worry about your daughter, she will be fine and get a beautiful future and she will always call you and keep in touch with you . As for you, please always call her to check up on her. And we can still travel together to visit her in the states as a family.

As for your questions, it's very amazing and I answer you from my heart.

I got divorced due to unfaithfulness and cheating. I caught my ex-wife on my bed with my friend. I was shocked and I left the house to Australia to be with my best friend for 3 months and had therapy there too. On my return to France I filed for divorce. That is why I don't have friends here in France anymore. I have just one friend and he lives in Australia. My daughter is experiencing emotional abuse at the hands of her step father and soon I will have her permanent custody. You will like Celine, she is very loving and very understanding.

What i seek in you as my woman is honesty, understanding, communicating, respect, love, team work as partners,sense of humor,discussing our problems together and solving it together not involving third party, confiding on each other with open heart, as we get to live together happily we will be knowing more and more what we want from each other.

Religion is a personal choice and it goes with understanding. Since I go to church that means I already represented you and the kids. So if you don't go, it doesn't matter. I accept you fully and I will

represent the whole family in church and pray for the whole family. Understanding makes life easy and amazing.

I have a dark side and I pray you understand me and not run away from me but i have to tell you. I love sex alot when am in love. When we are together I would love to make love to you almost all the time. I tried to reduce it while I was married but I couldn't stop. I met a doctor and he told me I have a high libido so it's not a health problem. So it's just something I really love to do but still I can't. But I can't sleep with anyone i dont love. Only when I am in love. I dont flirt, i dont cheat. I believe in 1 man to 1 woman, and 1 woman to 1 man. That's my belief and I will forever be faithful to you and love you. Only the woman I love sees my nakedness, So it's only you that will see my nakedness. Two years now i have not had physical sex because i dont flirt. I believe in love and having sex with the person i love. So i only masturbate during this my 2 years of divorce because i believe in Love. Well you have so much opened your heart for me, so i need to do the same that is why i discuss everything with you my love. Before I finish this message, I have a good listening ear and heart, so anytime you feel angry you should speak to me because communication between two people in love makes the anger go away immediately.

Lastly, I accept you with scars or no scars, I accept you with my whole heart. In health and in sickness, finance and no finance, better times and worse times, we will be together in pure love. Blue is my color, Summer is my best time of the year. Yes we are both perfect Zodiac signs that's amazing. Picture of me and my mother.

Warm regards,

Olivier
