

# WHO'S WHO

## "TOP DOCTORS HONORS EDITION" America's Best Doctors

Greetings,

It is my pleasure to inform you that you have been selected for inclusion into the 2022 Who's Who Top Doctors "Honors Edition".

The 2022 edition will include biographies of our continent's most accomplished physicians. Recognition of this kind is an honor and shared by only those doctors who meet very high standards set forth by doctors like you and then verified by our research department. Selection is not based on just having a medical license. We look at the doctor and the practice and we determine their candidacy by their hard work and accomplishments.

The Who's Who Top Doctors "Honors Edition" is placed among the most prestigious universities and libraries. It has become a universal reference tool for the medical community as well as recruiters, professionals, executives, companies, and students to name a few.

Our dedicated research department has determined that you qualified for this year's inclusion. Upon final conformation and verification, you will be showcased among only other professional physicians that met the same high standards. The Who's Who Top Doctors "Honors Edition" is a recognition and a tribute to a lifetime of achievement reserved for only those who fit specific criteria to be classified as having "EXPERT" status. There is no way that anyone can buy into the registry.

For accuracy and publication deadlines please return your application form to us immediately because space is limited and sought after. **THERE ARE NO COSTS OR DUES TO BE INCLUDED EVER.** On behalf of our chairman of the board we wish you and your practice continued success.

Sincerely,

Giuseppe Castellano
