Anna, do you know why I haven't received my check yet? It's been more than 20 days since the first package was sent. The web login page states I was supposed to be paid on 12.07.2020.

Hello,

I'm Anna, your personal manager.

Thanks for your inquiry! Now I'll explain the details of this job again.

1. A package will be shipped to you. I'll let you know what's inside(usually it's electronics or clothes) and the approximate arrival date.
2. You should receive the package and send me the confirmation that you've received it. Please note that most carriers(UPS, DHL, Fedex) usually deliver before 3pm.
3. I'll upload you pre-paid FEDEX, UPS or USPS shipping label the day the package is delivered to you. This means you won't have to pay for shipping out of your pocket. Shipping labels are in PDF or TIFF format so make sure you have Adobe Acrobat Reader installed. You'll have to print shipping label and then take the printed label and the package to the Post Office, UPS office or FEDEX office. Please try to ship the package the same day the it's delivered, you'll get \$45 for each package.
4. Then you should send an email to me to confirm the package is shipped.
5. The payments for your job are calculated each 20 business days from the date when first package sent. They can be sent to your paypal account or by personal check.

Please ask me with more questions or just let me know you're ready to get started(nothing will be shipped to you before your confirmation).

Now please answer on my questions:

1. Are you ready to start working beginning this week ?
2. Do you understand your task ?
3. Do you understand that you should check your email and control panel twice a day ?
