I have a experience with **The CEO Views** is one of the worst magazine. Because they send many emails regards cash awards, I lost my money with The CEO Views. Don't invest money for these types of fake websites and this is not trustworthy be aware of these type of SCAM websites.

Not Sure if they are illegal but for sure they close to business scam.

They keep on sending sales emails and wont stop even after unsubscribe. The only option we have is to mark it spam.

## Is the CEO Views Magazine a scam / Spam or legit?

The CEO View is one of the fraud magazines that sends many fake emails per day I received many emails. I would like to tell you this is a complete scam and money-making stunt. I suggest you stay AWAY. As soon as you get emails from these people just report it as SPAM.

There are a lot of serious problems with this company. The most serious I think is a deeply rooted toxic leadership culture that severely limits the company's ability to innovate and improve.

Not Sure if they are illegal but for sure they are close to business scams.

They keep on sending sales emails and won't stop even after unsubscribing. The only option we have is to mark it spam.
