Payment Guarantee Policy:

How it works:

1. **Buyer and seller agree to terms:** Both parties agree to terms of the transaction, which includes a description of the item, sale price and 5 days for the buyer's inspection. Any invoices that are not paid within 24 hours will expire and your item will no longer be reserved.
2. **Buyer pays eBay:** The buyer submits payment in full by ******eBay Gift Cards******.
3. **Seller deliver the item:** Upon payment verification, the seller is authorized to deliver the item and submit tracking information. eBay verifies that the buyer receives the item and the inspection period begins once the item is delivered.
4. **Buyer receives the item:** The buyer has 5 days to verify the item and the option to accept or reject. Return delivery will be at the seller's expense.
5. **The seller is paid by eBay:** The transaction is complete. In rare cases when something goes wrong the buyer must notify our agency with the item issues, after the inspection period.

Verify an order's eligibility:

eBay sends an invoice to a buyer only after our Financial Department has verified all the following information:

- paperwork of the item, including ownership and clear title
- seller's information and proof of ID
- possession of the item that is being sold. We do not initiate a transaction until we have the item stored in our warehouse with all the paperwork.

The item is currently stored in our storage facility number 12 in Minneapolis, Minnesota.

eBay Buyer Coverage:

Buyers who pay for qualified physical goods using eBay are eligible for a coverage up to \$20,000.00.
