Hi Elke and Benjamin,

QCon never sells or even discloses their attendee list. This is a scam/fraud and we will investigate this further - including possibly bringing legal action against Finfox.

Thank you for bringing this to our attention. If there is any additional information in regards to this case, please share it with us.

Hi Ella,

I hope you are well. May I ask you for a short confirmation that you work together with Finfox Technologies? We are about to purchase the QCon attendee list. As there was no warm handover from anyone from C4Media, I'd like to make sure everything is right.

The first person who reached out in regards to the attendee list was josie.gilbert@inotegrity.com She then handed it over to Mack Walls from Finfox Technologies. It feels a bit odd because there are so many different companies involved.

Thanks,
Elke

That's right Elke,

First file will be delivered prior to the expo & the other file you will be receiving post the expo, so this will help you to reach the right prospect with your targeted offer prior to the event or you can do post event follow-up.

Let me know if you need additional information?

Best – Mack W

Hi Mack

Thanks for the update. What happens if further attendees sign up for QCon? Will they be added to the list later in time, even if we decide to buy the attendees list now?

Thanks,
Elke
