Subject: Your AMI Ownership Plate
Date: Nov 12, 2022 at 2:30:29 PM
To: rappabeme@gmail.com

Dear Rappa,

Thank you for being among the first artists to mint your creative work as an Akademia Minted Item (AMI). As such, your work will be included in our 'Diamond Collection' to be stored in the Hall of Titans into perpetuity. Please note that the Akademia Minted Item (AMI) is not an award plaque. It is a physical asset that is stored in our vault and shows that your song was certified and minted by the Akademia executive team. Because this item is held in our vault, investors can purchase your AMI, secure in the knowledge that their investment is protected.

We are pleased to inform you that your AMI Ownership plate has been mailed out to you with the following USPS tracking number: 9505515264212311745091

This AMI Ownership plate has been etched in steel, sealed with an advanced anti-corrosive coating and enclosed in plastic. Please store it in a safe place, along with your most important possessions. Your AMI ownership record is protected by a three-part security system, which includes 1) your ownership plate, 2) our secure database, and 3) a physical records book stored in the vault.

You will soon be emailed an image of your minted item, as well as a link to the item on the Akademia sales portal listed at the sales price you specified. Should your item be sold to an individual investor or as part of the entire collection in the future, you will be immediately notified and will receive the sales proceeds (minus a 20% curation fee).

We look forward an amazing year ahead and pledge to continue to support your creative goals with integrity and resolve.

Kind regards,

Michael
