

Who We Are

We Love Our Dogs, Hope You Do Same!

Here at NM Pomeranian Puppies, your number one source for Pomeranian puppies.

We're dedicated to giving you the very best puppies, with a focus on temperament, health and the overall quality of the puppy. We have a personal vet who ensures our puppies are in the best health and shape possible, and of course a specialist in puppy food too.

The importance of vaccination cannot be overlooked, which is why all our puppies have been vaccinated with current and age-appropriate vaccinations, all puppies undergo a thorough vet check before they are being shipped off to their new families. Also, our puppies are raised amongst our kids and other pets so they already have a tolerance for other pets at a young age.

Pet Sitting

Puppy sitting is part of the training we offer to our puppies, we start training our puppies at the earliest.

Puppy Minding

We do not endorse leaving your puppy on its own, there should always to someone to take of your puppy when you are not around.

Puppy Training

We train all our puppies, it is a norm for us, our puppies are raised amongst our kids and other pets so they have a tolerance for children and other pets at a young age.

Grooming

Of course, this does not have to be reiterated, your puppy's health depends on it. Proper hygiene and grooming are a must and should not be taken lightly.

A big "Thanks" to you folks for breeding excellent puppies. We bought from you our Pomeranian (Angie) about 2 1/2 years ago and she was such a great companion, that we returned last year to buy (Rocket). We were a little concerned about how they would get along. Well, they're like best buddies. Our puppies were healthy from the day we got them and now they are beautiful, well-tempered, and just great. They are our kids, since our son is in the Marine Corps and is stationed overseas, they are the two best.

We purchased Gracie from NM Pomeranian Puppies website. And are we sure glad we did, she is beautiful and healthy!! Gracie became an instant member of our family and the laughing hasn't stopped since! This puppy has been delightful, and between my husband, daughter and myself, we all fight for time with Gracie! It's been only 4 weeks, but this puppy has made a huge difference in our lives.

Sincerely, Lauren, Roger and Jasmine

My husband and daughter surprised me with an adorable puppy named Hunter a few weeks ago. He found Hunter on nmpomeranianpuppies.com and I'm so happy they did. Hunter has been a joy to have around the house and he is so playful with my 7-year-old daughter. My husband already wants to expand our family and is looking forward to getting another puppy from you guys!!!
