Dear Amanda,

As discussed earlier, you have proved to be a responsible employee and have been working efficiently, so we decided to offer a real opportunity for growth to you. A manager position in your state is available within the Small Business Development Program of **Prophecy Efforts**. We have been working closely with them and I can tell you that it can be an opportunity of a lifetime. The additional position would provide a significantly higher income and entail more interesting duties than just package shipping. If you are interested, we can send you a link to sign up with them and receive further details. They will be aware that you are our employee.

Regards,  
Robert Sullivan  
HR Manager, Gifts Bay  
(213) 723-3223
