The Air Jordan 3 Retro White Cement Reimagined is a modern take on the iconic original design which first appeared in 1988. This new version features a clean, minimalist colorway of white, black, and cement grey, creating a classic and stylish look. The upper is crafted from high-quality leather with elephant print detailing on the mudguards, while the midsole features a combination of grey and white for a clean finish. The iconic Jumpman logo appears on the heel tab, tongue, and insole, showcasing the sneaker's Jordan heritage. The shoe is finished with a classic translucent outsole that provides excellent traction and adds a trendy touch. The Air Jordan 3 Retro White Cement Reimagined is a must-have for any sneakerhead, a classic yet fresh design that will turn heads and elevate any fashion outfit.
