COMPANY PRESENTATION

ATLANTIS CONSULTING | 2023

ABOUT US

Small Dive in History Founded in 2020 by a passionate and ambitious leader, Atlantis Consulting has been delivering strategic IT business solutions and services for complex business problems ever since. Today, the same passion propels us to provide custom software development services around the world. Over the years, we have successfully completed multiple projects, 80% of them evolved into long-term partnerships. For 3 years clients have been trusting Atlantis Consulting with business solution needs.

Creativity, transparency, robust delivery, and customer-centric approach are the key spotlights of our software development services. We help businesses elevate their value and drive success by identifying your needs and meeting them through engineering custom software solutions. Atlantis Consulting is a unique endeavor to understand your business from your viewpoint and craft the ultimate solution to help you succeed.

OUR VISION

Empower the world with digital technologies to create a bright future today.

OUR MISSION

We believe in the importance of understanding our customers values. We aspire to enrich the world.

CEO of Atlantis Consulting

OUR SERVICES

Enterprise Solutions

Atlantis Consulting is a custom enterprise software development company that helps to address critical challenges any business can face: productivity improvement, resource planning and management, data analysis, and reporting. Scale, go digital, streamline, and reach the previously untapped market with our enterprise software solutions and next-gen enterprise application development services.

Web Development

Take advantage of Atlantis Consulting web development services with the support of a team of highly skilled engineers well-versed in multiple types of web software and industries. We build fully responsive web apps, high-performing platforms, and bespoke products to meet the requirements of your business. Our custom web solutions offer unparalleled productivity and new growth opportunities through elegant design, cutting-edge code, and exceptional usability.

Mobile Application Development

Atlantis Consulting acts as an end-to-end software development partner that builds excellent mobile experiences. Our user-centric mobile solutions are powered by innovative technologies and fueled by our competence and vast experience in custom app development. Atlantis Consulting offers more than a robust app but a powerful tool to grow your business revenue.
