Please return my money. I did not sign up with Spectrum to have you charge me for tech services when Spectrum offers the same. Your company inserted a phone number in the middle of ZUMO installation; your person in the Philippines interfered with my ZUMO set up and insisted I pay nearly \$80. FOR WHAT? Spectrum agents know nothing of the phone # in the middle of XUMO setup. I am prepared to disconnect and return the entire product to Spectrum.

Please correct this deception immediately.
